fielding well and batting hard. The batting has not come in streaks, but in good-sized bunches nearly every day. Clubs. and even in the games that have been lost there have usually been enough safe bingles to have won under ordinary circumstances.

Anderson Batting Well.

Stone, of St. Louis, is leading the league with a batting average of .481 for twenty-one games, which is not bad go-Bender and Waddell are second and third, respectively, but they will fall off their perches before the season s much older. Anderson, of Washington, is sixth on the complete list, but third among the regular players, with 368. Those cruel blows by "Welcome Home John" have been a great comfort to his team. L. Cross is eleventh on he list, with .342, quite a figure for the old stager.

After Cross there is a sad lapse until we come to Nill, who is sticking at a 271 rate, and Schlafly, who is trailing him with .269. Then some more lapses until Theory Jone, is discovered with 240. Jake Stahl La. 222, but will improve. The same p.ed.ction may be made concerning Charley Hickman, who is in a rut just .ow and is credited with .231. One thing about Hickman, his hits have been timely and his sticking has accomplished more than the fig-ures would indicate. Kittredge boasts 1992, and Heydon 175, which is below what he will do later

The Woodberry Forest team has already defeated Episcopal High School and the A. and M. team, which reflects all the greater credit upon the Preps' victory.

O'Connor pitched great ball for the Preps, and Palien's playing in left, as well as two double plays in which he took part, were the features. Woodberry put up a nice article of ball in the field, but the Preps got their hits when they were most needed, and lost no chance to score. There was a large and enthusiastic attendance. Score:

Going under Aqueduct Bridge, the ne-mile mark, the Preps were leading by a boat length, both crews showing no signs of weakening. From here to the finish both crews indulged in a sharp spurt, the Preps keeping together better than the collegiates, whose boat wabbled greatly.
